## EVENING BULLETIN

THE PEOPLE'S PAPER.

VOL. X. No. 1867.

HONOLULU, TERRITORY OF HAWAII, MONDAY, JUNE 17, 1901

PRICE 5 CENTS.

### WRAY TAYLOR HAD A PLEASANT TRIP

Secretary Wilson Quite an Enthusiast on Hawaii.

INTERVIEWS WITH MANY CALIFORNIA SPECIALISTS

Brings Home Seeds and More Will Come—Played on New Kawaihako Organ—New Music for the Church and Orchestra.

Wray Taylor, Commissioner of Agriculture and Forestry, returned in the Zeelandia after an absence of six weeks, sixteen days of which were spent on the sea. He left his wife in fairly good health. Upon the arrival of the Presidential party in San Francisco, Mr. Taylor called on Secretary of Agriculture Wilson and presented his letters to him. He also saw him several times afterwards. He is a great enthusiast on agricultural matters said Mr. Taylor to a Bulletin reporter this morning. Mr. Wilson thinks there is a great future for the agricultural prosperity of the islands, and asked many questions as to the work of Jared G. Smith on starting the U. S. Experiment Station. He wants to help the islands all he possibly can, and does not hesitate in saying so. Owing to the illness of Mrs. McKinley the plans of the Presidential party were completely changed and they returned to Washington direct sooner than expected. Secretary Wilson said he intended to visit the islands next year early and he believed the President would do so. The reception to the President in San Francisco was very enthusiastic and the decorations very fine.

Much of Mr. Taylor's time in San Francisco was spent in visiting places where he could possibly obtain any information beneficial to his office. He spent much time with Mr. Alex. Crow, State Quarantine officer, a very courteous gentleman who was evidently pleased to meet the Commissioner and talk matters over with him. Mr. Taylor went thoroughly through the grounds and conservatories in the Golden Gate Park, was in the mountains among the forests, and has ordered a large number of forest tree seeds, vegetable and other seeds that will be tried here. He met E. M. Ehrhorn, Santa Clara county entomologist, Mr. Chisholm of the Pasadena nursery, and others who were all more or less interested in the islands and asked many questions. Mr. Taylor made many appointments with parties who desired information concerning the Territory. He went all over the experiment station at Berkeley and had a delightful visit with Prof. E. W. Hilgard, director of the station there. Prof. Hilgard was very much interested in the islands and hearing about them in his line. Prof. E. J. Wickson, the horticulturist expert took Mr. Taylor through the agricultural building, giving a full explanation of everything. Miss Alice F. Crane, tester and examiner of seeds, was met here and Mr. Taylor promised to send her seeds from the islands. During his stay in the city the Commissioner tasted the Logan berry a cross between a raspberry and blackberry. It looks more like the blackberry and has a nice taste. Mr. Taylor has ordered many of these plants and cuttings which will be for distribution when they arrive. He had a letter from Dr. Stubbs who was in Buffalo, as to a consignment of vegetable seeds which will shortly be sent to the islands from the Louisiana Experiment Station. I feel, said Mr. Taylor, that my visit to the Coast and what I have seen and learned will be of great benefit to the future conduct of my office.

The reporter asked Mr. Taylor if there was anything new in the musical line. He replied by stating that he had

played on the new pipe organ built by the Bergstrom Organ Co. of San Francisco for Kawaihako church. It is a sweet toned instrument, has two manuals and seventeen stops. When in position it will have a very commanding presence, as the decorations are very attractive. It was shipped on the bark Mohican which was to have left San Francisco five hours after the Zeelandia. I met a number of the prominent San Francisco musicians who were very courteous to me, and I have brought lots of new music for the Amateur Orchestra, and some church music. I thoroughly enjoyed several excellent concerts by the Golden Gate Park band, a fine organization. No great musical artists were in the city at the time of my visit.

**Profitable Blue Vines.**  
Prof. Hilgard of the Coast yesterday, after Herbert left with the Hobson Drug Co. some specimens of blue vines that he has succeeded in raising which have been found to produce on an average of 110 beans to the vine. He received by the China Saturday 100,000 cuttings of the same species from Ceylon.

### HUMPHREYS WENT BUT THURSTON DID NOT SAY GOODBYE

Judge A. S. Humphreys accompanied by his wife and child left in the China Sunday for a short trip to the Coast and the judge's old home in Mississippi.

A good number of the judge's friends were at the dock to wish him a pleasant journey and a safe return. The enthusiasm displayed must certainly have been gratifying to Mr. Humphreys who has been the center of a bitter attack by the Thurston gang ever since he accepted the appointment to the First Circuit bench tendered him by President McKinley.

The judge and his family arrived at the dock about twenty minutes previous to the sailing of the steamer. They had hardly stepped from the carriage before they were surrounded by friends and fairly smothered with kisses. As Humphreys passed across the dock to the gang plank, he was literally covered with leis, and the lei women were practically bought out by the late arrival who added the tribute of pressing Hawaii's heartiest aloha. Friends gathered about him and citizens who had hitherto taken no part in the warfare recently forced upon the judge and the public joined in the hearty hand shake and good wishes.

The proposal of three cheers for Judge Humphreys met with a lusty response all along the line and the Sunday quiet of the day was broken with a three times three and yet another as the steamer drew away from the dock. The judge accepted the evidences of good will in his usual affable and courteous manner. The gathering at the dock was thoroughly representative except that none of the thirty-seven members of the Bar Association were noticed nor were Thurston, Hartwell, Kinney, Ballou or Attorney General Dole in evidence. Many friends went to the dock on their way from church but as the China left promptly at noon they were obliged to throw their leis on board and shout their hearty alohas as the big ship drew into the stream. The only people dissatisfied or cast down by the farewell given the judge were the Thurston aggregation and the thirty-seven lawyers who having become better acquainted with the trend of public opinion are well ashamed of themselves.

"When asked about his trip by a Bulletin reporter, Judge Humphreys said: 'We shall remain in San Francisco several weeks and then expect to go to my old home in Mississippi. Yes, I shall go to Washington, but expect to be there only a few hours. My business there will be with the Department of Justice and on matters relative to the local administration of justice entirely aside from the attack made upon me by Mr. Thurston.'

For groceries ring up Blue 911.

AT MURPHY HALL.

A most delightful program has been arranged for the coming week at Murphy hall. Mr. Bradley, who made such a hit last Saturday night, will sing during the rest of the week. Mr. Bradley has a clear tenor voice which was much enjoyed. Messrs. Felton and Taylor, the two accomplished pianists will also assist at the entertainments during the week.

A trio of fun makers has been secured in the persons of Allan Dunn, John Piver and J. Martin.

On last Saturday night, Miss Carrie Castle was applauded to the echo for her rendition of two of the master pieces.

Watch for Prof. Williamson.

The Oahu College students showed their appreciation of Prof. W. W. Williamson's work in the school during the last two years by presenting him with a beautiful gold watch.

Mr. Williamson's efforts in behalf of Punahou have been untiring for the last two years, and he has lately become immensely popular among the student body. The watch presented him is well deserved. It is a beautiful gold time piece with his initials engraved on it.

### POLICE PAY ROLLS ARE DISCUSSED

List for Island of Hawaii Police Up Before House.

MAKEKAU SAYS THAT PAY ROLLS ARE BEING FILLED

Special Officer Kaihau a Penalty—No Such Person Exists, Says the Makina Statesman—Akins to Aid Some Friends.

The police pay rolls furnished the principal topic of discussion in the House this morning. The Hawaii police pay roll was discussed first.

Kawaike moved to take it up item by item, but Dickey preferred to refer the pay rolls to different committees.

"Why shall we refer these pay rolls to committees?" asked Emmelhuth. "We can save no time by doing it. We might just as well kill the time right here in the House. I think each Representative should do as he blooming pleasure with the appropriations for his island, but do for heaven's sake pass this bill as soon as possible."

After some discussion, Ewaliko's motion to consider the pay rolls item by item, carried.

By districts the pay roll reads as follows: South Hilo, \$21,440; North Hilo, \$20,400; Hamakua, \$6,480; Kohala, \$2,240; South Kohala, \$2,220; North Kona, \$5,580; South Kona, \$5,760; Kau, \$5,580; Puna, \$5,640.

Emmelhuth stated that the only objection he had to the pay roll was that it gave eighteen more jobs to Republicans.

Makekau then let loose the sensation of the day. He said: "I see here a condition of things which needs the most diligent investigation. You will find out the pay roll an item of \$50 for J. Kaihau, Waialake constable. Further along on the special officer list you will find an item of \$15 for Kaihau. Now I know that no such special officer exists in Hilo. This thing needs looking into, for how do we know that some of these other names are not bluffs. Of course, Sheriff Andrews knows what he is doing, but have a right to know how many of these items are for bona fide officers."

"If this is the case, Mr. Speaker," Emmelhuth began, "such a thing needs the most diligent investigation. To expedite matters I move to adjourn for the day, referring each pay roll to the delegation hailing from that island."

Several members objected and spoke at such length, that Akins hastened to explain matters.

"Mr. Emmelhuth's motion," he said, "was made so that you gentlemen might each get in and help your friends on the different pay rolls. Carry his motion quickly, for you won't get such a chance again."

"Gentlemen," said Emmelhuth, "we will save a great deal of time this way and get rid of endless debate. All we have to do is to adopt the reports of the different delegations. I am willing to trust the island members."

Finally, the House decided to take a recess until 2 o'clock. The time of adjourning was 11:35.

### RECORD TRIP TO VOLCANO

The Baron von Waldhausen who returned from Hilo in the Kinau Saturday afternoon bears the proud distinction of having made the record trip to Volcano and return. He arrived in Hilo at 10 o'clock Thursday night and went immediately to the Volcano, arriving there at 3 o'clock the next morning. Without taking rest or food, he procured a horse and a guide and went down into the crater. This having been done, he returned to Hilo, arriving there at 10 o'clock and having two hours to spare before the departure of the Kinau for Honolulu.

McKENZIE'S STRING SOLD.

Quite a successful horse sale was held this morning at the Club Stables. Six horses owned by G. S. McKenzie of Hilo were sold at a good figure. Following are the results of the auction: Tom Ryder, 2:13 1/4, brown gelding, aged, by Ayex. Button. Bought for \$200 by Louis Marx. Socialist for \$140 by Robert Ballentine. General Cronje, bought for \$600 by Tom Wilson. Billy McCloskey, bought for \$550 by Harry Evans. Mollie Connors, bought for \$1000 by Tom Wilson. Merrill's Faust, bought for \$200.

AT THE ORPHEUM.

Lost in New York will be the last play presented by the Elleford Company, tonight and tomorrow night being the two last evenings of the engagement.

The bill has been especially chosen for the farewell performances on account of the opportunity afforded to everybody in the cast to appear at their best. Plenty of specialties are to be in-

troduced by Jessie Norton and the other singing members of the company.

The Ellefords have made arrangements with the local management to return next season with a fresh repertoire of pieces, being entirely pleased with the success of the present trip.

Lost in New York will be the last opportunity of witnessing a purely dramatic performance for some time to come and seats are going rapidly for the farewell performances.

**Evening Bulletin Incorporated.**  
Articles of incorporation have been filed by the Bulletin Publishing Company, Limited, with a capital stock of \$12,500 divided into 625 shares of the par value of \$20 each, option being reserved to extend the capitalization to \$100,000. The officers of the incorporation are: W. R. Farrington, president; Lewis S. Gear, secretary; A. V. Gear, treasurer. Other stockholders are: F. J. Cross and W. R. Sims. In addition to the business of a general printing and publishing office, the privilege of conducting a general manufacturing and mercantile business including the buying and selling of all goods, wares, merchandise and stocks is specified. The term of years is fifty.

### GRAND JURY'S REPORT

The Grand Jury reported to Judge Gear at 2:20 this afternoon. Foreman Carter filed a supplemental report to that of June 4th. A number of true bills and a list of the cases ignored, were filed with the clerk.

Judge Gear, on behalf of the citizens of the Territory, thanked the members of the jury for the painstaking care with which they had labored and finally excused the panel.

The part of the report relating to the investigation of bribery and corruption among the legislators says that over 100 witnesses were examined and that a majority of them said they received their information from newspaper reports. Every rumor was traced to its beginning without result as to charges of bribery.

The Governor testified that the information he had received was from second or third hands, that at the time his reply was given to the Senate in which he stated that he had information of a character that he could not ignore, that bribery of members was going on in the Legislature, he had no legal evidence of bribery or corruption of members of the Legislature.

The experience with the Attorney General and other officials is detailed in full. High Sheriff Brown said that he was not ordered by Attorney General Dole to look for evidence of bribes until the 17th or 18th of May and that the Attorney General had not given him any evidence or laid out lines of investigation.

Cooper Thurston's client, said that he had paid money to an officer of the House, not a member, to secure his assistance for his bill. He would not give the name of this man because it might incriminate himself. Efforts to secure the name through other sources failed.

Every bill for a franchise was investigated, but the jury failed to find evidence of a corruption fund.

The report says that it was found that money was raised and spent for counsel and legal advice in reference to the Dispensary bill.

The free lunch at Nolte's was for the country members and was paid for by money raised from members of the Home Rule party.

The Military Club was visited by the members of the Legislature, who paid for their privileges but the report says some abuse of these privileges existed.

Transportation company managers said that some members hold annual passes over their lines.

### BILLION DOLLAR BANK.

New York, June 7.—A cable to the World from London says: It is reported here that J. P. Morgan is engaged in arranging for the establishment of a great Anglo-American bank with a capital of one billion. It is proposed to abolish all the principal financial agencies and banks already engaged in the Anglo-American business. The proposed institution, it is said, will be the principal agency for the already vast and rapidly growing banking transactions between Europe and America.

Morgan is understood to have associated with him in the stupendous undertaking not only the principal capitalists who aided in the organization of the billion-dollar steel trust, but also the Rothschilds.

### ANOTHER AMERICAN VICTORY.

London, June 7.—Another of Britain's great racing trophies has been captured by an American, Foxhall P. Keene having won the Oaks with Cap and Bells II, ridden by Milton Henry. The owner, horse and jockey are all thoroughbred Americans; so the victory was not diluted, as it was in the case of the Derby. Yesterday long odds were obtainable on the American horse, but as the odds shortened this morning until Cap and Bells II stood at the head of the list and started at 9 to 4 against.

If there is anything wrong with your Kodak or camera, take it around to the repair shops of the HONOLULU PHOTO SUPPLY CO., they will make it new for you.

### STILL LABORING ON THE SALARIES

Senate Passes Number of Items Without a Murmur.

VIEWS OF COMMITTEES FAVORABLY ACTED ON

Russell Secures Salary for Hilo Veterinary as Well as Hospital for Sick Animals—Board of Health Items.

The Senate got busy again today and did some more passing of items in the Appropriation bill according to the recommendation of the various committees to whom the items were referred. The Board of Health items over which it was expected there would be much discussion, went through without a murmur.

Following are the items that were passed at this forenoon's session of the Senate: Pay Roll, Government Buildings, \$6000; Salary of Janitor and Keeper Capitol and Judiciary Grounds and Buildings, \$2400; Regular Pay Roll, Electric Light, \$12,600; Pay of Lighthouse Keepers, \$450; Pay of Gunpowder and Kerosene Oil Keeper, Hilo, \$1010; Pay of Gunpowder and Kerosene Oil Keeper, Honolulu, \$3000; Salary of First Assistant Clerk, \$2400; Salary of Assistant Clerk, \$1200; Pay of Reservoir Keepers, \$2640; Pay of Plumber and Assistant, \$2640; Pay of Tax Inspector, \$2184; Pay of Shipping Tenders, one at \$75 and one at \$50, \$3,000; Pay Roll, High Lift Pump, \$1900; Pay of two Engineers, \$3000.

Under the Secretary's Department, the following items were passed: Incidentals, \$3000; State Entertainments and Ceremonies, \$3000; Preservation of Archives, \$3000; Expenses of Election, \$15,000; Printing and Advertising, \$1,800; Compiling and Publishing Revised Laws, \$3000; General Expenses, \$12,000. Another item, as follows, was inserted in this department: "Fire Proof Vault, \$2500."

Under the Board of Health, the following items were passed: Medicines, \$9000; Support of non-leprous children of lepers, \$12,000; Insane Asylum, \$34,000; Segregation, Support and Treatment of Lepers, \$160,000; Kalaupapa Store, \$45,000. Under this department, the following item was inserted according to the recommendation of the committee to whom it was referred: "For Erection of Building for Non-Leperous Children, \$8000."

There was quite a tilt over the item of \$2000 for medicines for the city dispensary. It was finally decided to pass the item at \$9000, this amount to be spent for medicines for government physicians throughout the islands.

The principal discussion of the session was occasioned by the proposition of Dr. Russell to insert an item of \$780 for the erection of a quarantine station for live stock, in Hilo. The item was fought by Mr. Achi who, during the course of his remarks, said that he believed the veterinary surgeon at Hilo was working in his own interests and for a place to treat any sick animals at Hilo which might come under his attention. Notwithstanding the great objection made, the item finally passed at \$500.

Mr. Paris, who was another staunch fighter against the item, immediately moved that \$500 be appropriated for Mahukona for the same purpose. He finally withdrew this and Mr. Carter moved that an item of \$1200 for a stockman to take care of the Hilo place be inserted in the Appropriation bill. This was finally twisted about so that the item, as finally passed, stood as follows: "Veterinary Surgeon for Hilo, \$2400."

The recommendation of the committee to the effect that the item of \$784 for salary of Keeper Mausoleum Grounds, be stricken out, was not looked at with favor by the Senate. The item passed as in the bill.

At 12 m., the Senate took a recess until 2 o'clock this afternoon.

### ZEALANDIA ARRIVES.

The Oceanic steamer Zealandia arrived this morning from San Francisco after a very pleasant voyage. She did not leave for Honolulu until the 9th inst., being detained discharging and loading. On the 6th she began discharging her sugar in San Francisco and sixty hours later she was on her way back here with a good cargo of merchandise. Her arrival with plenty of fruit and vegetables has averted a famine in these articles as there were no potatoes and but little fruit in town.

### FIGHT ON THE CHINA.

There came near being a tragedy on the deck of the China yesterday morning shortly before the steamer sailed. One of the Chinese boatswains and a sailor became involved in a row about some turtles and the sailor struck the boatswain. The latter drew his sheath knife and made a lunge at his

assailant cutting him in the arm. He started to cut the man again but had the knife taken away from him. Procuring another from the galley he started after the sailor again but was seen by police officer Flint who seeing that he had to act quickly landed the boatswain in the jaw with his fist. The blow disarmed the infuriated celestial and he and the deck formed a close acquaintance. The belligerent boatswain was put in irons and locked up aboard the vessel as he being a Chinese could not be brought ashore.

### Did Fine Work.

Pilot Macneley opened the eyes of the waterfronters this morning by the way he handled the bark Andrew Welch, after the tug had dropped her off the light house. She had good headway and was to be put at the Pacific Mail dock. The vessel was handled like a steamer and she was brought to the wharf in a great deal quicker time than most of the island steamers would have been under the same conditions. It was the best piece of seamanship ever done in this harbor. The Welch made the run from San Francisco in 13 days.

### UNVEILING OF CHIEF JUSTICE JUDD'S PORTRAIT

The portrait of ex-Chief Justice Judd painted by Harold Mott-Smith was unveiled in the Supreme Court room this morning and presented to the Court by A. S. Hartwell in behalf of the Bar Association of Hawaii. The June term of the Supreme Court had just convened with Chief Justice Frear, Justices Perry and Galbraith on the bench. The members of the Bar were present in large numbers to witness the ceremony.

The veil was removed from the magnificent portrait and Mr. Hartwell in a brief address presented it to the Court. He recalled the fact that for over a quarter of a century Chief Justice Judd occupied a place on the Supreme bench of Hawaii. He said: "For those who stood in need of kindly suggestion, Chief Justice Judd always had his word of sympathy. We all remember it. It is therefore fitting that his portrait should hang here on these walls along with those of Chief Justices Lee, Allen, Paris and Associate Justice McCully. The artist, Harold Mott-Smith has put into this portrait all the skill acquired by years of foreign study. In behalf of the Bar Association I would ask that the Court accept this portrait as a gift of the Bar Association of Hawaii."

J. L. Kaulukou, speaking in Hawaiian, seconded the remarks of Mr. Hartwell.

Chief Justice Frear, in behalf of the Court thanked the Bar Association for the magnificent gift. He said there were several reasons for congratulation in the pleasant circumstance. He referred to the record of the late Chief Justice as a jurist. He spoke of the significance of the gift, coming from the Bar Association as showing the high esteem in which the Chief Justice was held by those who came in contact with him in a professional way. He said also that it was a matter of congratulation that the work had been done by one of Hawaii's own artists.

### Barthrop-Renny.

The wedding of Miss Annie Barthrop of Port Townsend and Captain W. C. W. Renny of Honolulu is to take place in Port Townsend this evening. Captain Renny and bride are expected here in the China.
